## PRODUCT DESIGNER UX/UI DESIGNER

[pulkitawasthi5678@gmail.com](mailto:pulkitawasthi5678@gmail.com) | 8707003804

### SUMMARY

**Product Designer with 3+ years of experience** designing SaaS, AI-powered, EdTech, and enterprise products. Skilled in UX research, interaction design, wireframing, prototyping, design systems, and AI-assisted design workflows using Claude Code and Relume. Experienced in collaborating with cross-functional teams to deliver intuitive, scalable, and user-centered digital experiences.

### EXPERIENCE

#### Product Designer

WEBINDIA INC

April 2026 - Present

Accelerated product discovery and interface design using Claude Code, Relume, and AI-assisted workflows.

- Generated 30+ wireframes and user flows using AI-assisted workflows, reducing initial design exploration time by 35%.
- Collaborated with 6+ cross-functional stakeholders to reduce design handoff cycles by 30%.
- Designed 10+ responsive web experiences, improving usability and reducing redesign iterations by 25%.

#### UX/UI Designer

THINKTECH

February 2025 - April 2026

- Crafted responsive websites for international clients with a focus on usability and accessibility.
- Conducted UX audits that uncovered usability issues and improved user flows.
- Produced high-fidelity interfaces and interactive prototypes for responsive platforms.
- Partnered with product managers and engineers to improve design handoffs and reduce iteration cycles by 30%.

#### Product Designer

EDUGORILLA (InfoBay.AI)

June 2024 - February 2025

- Improved product usability by conducting UX audits, QA testing, and usability reviews across web and mobile platforms.
- Produced 50+ wireframes, prototypes, and high-fidelity screens for new product features and enhancements.
- Partnered with product managers and developers to deliver user-centered solutions across multiple product releases.
- Simplified complex user flows based on user feedback, helping improve overall product experience.

#### UX/UI Designer

TECHDOCK LABS

May 2023 - June 2024

- Designed user experiences for 10+ mobile and web applications across multiple industries.
- Built interactive wireframes, prototypes, and high-fidelity UI designs using Figma.
- Conducted user research, competitive analysis, and usability testing to identify pain points and improve workflows.
